for the facts about alcohol

West Yorkshire Police, together with local schools, have joined forces with the aim of making a difference to the lives of young people in North & East Halifax.

Underage drinking and related anti-social behaviour is an issue in this area. By focusing on the education of young people, their parents/guardians, retailers and the community, they expect to make a real difference.

We recognise that it is sometimes difficult to have meaningful conversations with young people but it is very important that you do, as parents/guardians, really do have the most influence on the attitudes and behaviours of young people.

Drinkaware aims to enable parents/guardians to have well informed, pro-active conversations about alcohol with their children. Its website carries reliable, factually accurate health and social care information, and you can visit their website to learn more about how to have the alcohol chat with your kids at [www.drinkaware.co.uk/underagedrinking](http://www.drinkaware.co.uk/underagedrinking).
